

Pack It

Mail fulfilment and Assembly Service

Pack It is a Social Enterprise run by Beacon Employment, a Charity working with people who experience barriers to work.

Beacon Employment was established in 1992 and now operates across Herefordshire, Worcestershire, Shropshire and the Black Country. Pack It, although still in it's infancy, has secured envelope stuffing and other mail fulfilment from the Early Years department of Worcestershire County Council as well as local printing and craft companies. This involves collecting mailing lists, envelopes, contents and labels, then filling, sealing and labelling prior to returning to your premises or even direct mailing from our premises.

This work is carried out in a safe and secure environment and supervised by Dickon Pitt and Steve Madeley.

Our Volunteer service users come from backgrounds including Learning dis-abilities, Physical Disabilities, Mental Health issues, Pervasive Development Disorders and young people during Transitions.

The long term aim is to provide work and work experience for volunteers who may use this as a stepping stone to unsupported work elsewhere and into full time employment.

Who we are and what we do

Another part of this Social Enterprise is General Assembly and Sorting. This can be sorting small components into quantity or type, or can be assembly of products such as Bird Nesting Boxes or Bird Feeding Tables Pre-Cut in our own Workshops.

The Beacon Bird Box (Left) Pack It offers work experience and support to people with learning difficulties of either gender, with any profits being ploughed directly back into Pack It, enabling Beacon Employment to offer support, advice and guidance to a greater number of people.

● **Services Pack It Offer**

● **Counting and Collating**

● **Shrink Wrapping**

● **Picking and Packing**

● **Bagging for Shows and Exhibitions**

● **Assembly of Components**

● **Direct Mail Fulfilment**
